USING THE FLEXMIKE

Remove microphone from charger. Press the mute button to unmute, hold near your mouth and begin speaking.

ALIGN WITH COLLARBONE

The flex microphone comes with a magnetic lanyard. To place the flexmike on your body, separate the magnets to unclasp the lanyard. Place the lanyard behind your neck and then reconnect the lanyard's magnet behind your neck.

POWER/MUTE BUTTON

ADJUST VOLUME

○ TALK (BLUE)
○ MUTE (WHITE)

CHARGE MICROPHONES NIGHTLY

Place the microphones into the cradle charger. The power status light will glow red when it is charging.

When charging is complete, the power status light will glow green.

It takes about 5-6 hours to fully charge the microphone battery.

CONNECTING MEDIA CONNECTOR TO AUDIO

Audio can be connected using either a digital 2-way USB audio or analog audio.

USB Audio

If locating and connecting to computer USB, Media Connector will default to digital USB audio (3.5mm analog audio ports will be disabled). USB audio enbles a 2-way audio link to:

Send audio **from the computer** to Redcat to ensure all audio can be played through the Redcat speaker.

USB-C

COMPUTER SETTINGS

Once connected, open computer sound setting to select "Lightspeed Audio" as the microphone and speaker.

3.5MM CABLE

Analog Audio

Plug your external audio equipment (e.g., video display) into one of the Audio input jacks.

LEVEL   AUDIO INPUT SELECTOR

Adjust the volume as needed by pressing the Audio Input selector and adjusting the level knob as needed.
